WHAT IS YOUR

INTERNET SPEED?

The North Central Wisconsin Regional Planning Commission, in partnership with Marathon County, is conducting a regional internet speed testing initiative.

Many communities that need broadband funding may miss out because the data showing their need isn't available. The goal of this project is to create an accurate regional map of where internet service is and is not available in Central Wisconsin and what speeds people are currently receiving.

Take the speed test today and encourage your friends, neighbors, and co-workers to do the same!
